Hamilton's Last.—That genial gentleman, William B. Hamilton, who has faithfully served two years as Clerk of the Police Court, and last night performed his last official act in making up his report, which we publish, for last year, recorded upon his bond in glowing capitals, and a full round hand, "the conclusion of the whole matter," as the result of his contact with criminals and criminal practice, in Pope's well known liner, which he generously credits to the Bard of Avon. It's William's last shot and we pass it down to posterity verbatim:

Report of
WILLIAM B. HAMILTON,
Police Clerk of Sacramento City,
For the Year 1878.

W. B. Cantwell, ... Police Judge.

CRIME.

Is a monster of such hideous mien,
That to be hated, needs but to be seen;
But seen a little ill, familiar with its face,
We first endure, then pity, then embrace.
—Shakespeare.
